SUMMARY

A recent graduate fresher in Computer Science with passion for web development specializing in the MERN Stack(MongoDB,Express.js,React.js,Node.js).Seeking an opportunity to apply my skills in building responsive ,dynamic and user-friendly web applications while contributing to a collaborative development team .

EXPERIENCE

MERNSTACK DEVELOPER INTERN

SRISHTI INNOVATIVE (August 2024 – January 2025)

- Developed and maintained a **Library Management System** using the **MERN stack** (MongoDB, Express.js, ReactJS, Node.js).
- Enhanced responsive user interfaces with **ReactJS** and integrated backend APIs using **Node.js** and **Express.js**.
- Managed database operations with **MongoDB** and tested endpoints using **Postman**.
- Implemented core features such as **cart functionality**, **review system**, and **real-time book availability status**.
- Collaborated with team members using **Git** for version control and **Trello** for task management.

SKILLS

Git GitHub React.js JavaScript HTML CSS Bootstrap5

Node.js Express.js MongoDB Postman RestApi

PROJECT

Library Management System (MERN Stack) | Srishti innovative

A full-stack web application using MongoDB, Express.js, ReactJS, and Node.js. Execute features like user, book borrowing/returning, cart functionality, and a review system, with real-time updates for book availability and user interactions.

EDUCATION

PONJESLY College of Engineering (2020 -2024)

Bachelor of Engineering in Computer Science

'CGPA :7.99'
